

2021 World Marriage Day

Suggestions for prayers of the faithful

1. For all married couples whose lives witness to the greatness of God's love and faithfulness towards each one of us: may they persevere in their commitment, particularly through their struggles.
2. For all couples who don't know God: may they hear the good news that He wants to help them love as they desire to love.
3. For all married people who have experienced a separation: may they experience God's love and healing and discover that He still has a beautiful plan for their lives.
4. For all people whose deep desire to love and to be loved in the vocation of marriage has not been fulfilled: may God give them strength, patience and trust that their lives are already fruitful in love as they generously collaborate with Him each day.
5. For all those who are preparing for marriage, that they may be surrounded by friends and witnesses who can help them discern and grow together.
