**The Catholic Church of Montreal Announces New Website Launch**

Montreal, September 12, 2018 - The Catholic Church of Montreal announced today the launch of its newly revamped website. Fully bilingual (French-English), this newly redesigned website provides quick and easy access to essential information, and offers a more comprehensive understanding of the services and resources available in the Catholic Church of Montreal. "We want to strengthen the image of our church, better showcase our services, and give an improved experience of how our institution functions internally via interesting content, articles, and news," stated Erika Jacinto, Director of Communications and Media Relations.

"The updated site includes changes to navigation, with a better user experience for both mobile and desktop versions. We have also improved the structure, so it will be easier to find what you are looking for. There's a whole host of smaller but important changes, all to make the experience of the Catholic Church of Montreal website that much better for you," added Ms. Jacinto.

The new website has a clean uncluttered design, improved functionality and a wealth of enhanced content, providing pertinent information and giving potential followers the best tools to grow, to satisfy their thirst for spirituality, and to better live out the Christian mission on earth. The site went live today, September 12, 2018 and can be found at the same address: <https://www.diocesemontreal.org>.

"We are excited about our new website launch. The website is meant to guide all visitors in the right direction concerning the teachings of the Catholic faith and the love for Jesus Christ, and to offer solid Catholic support, reading and understanding on how to live our faith." said Archbishop Christian Lépine. "We are constantly trying to find new ways to make your interactions with our diocese easy and convenient as we are here to ensure that God's grace may touch the heart of every man and of every woman and lead them to him," he explained.
